

Self-Service Portal for HCPs and/or Consumers

iCare MAX

Self-Service Portal for Anju's Information Request Management System

iCare MAX, now a part of the IRMS MAX platform, offers a robust, self-service information portal designed for HCPs and consumers alike - taking IRMS, the industry's long established gold standard in information management, to the next level.

Generate content usage, metrics, and insights using iCare MAX's reporting capabilities.

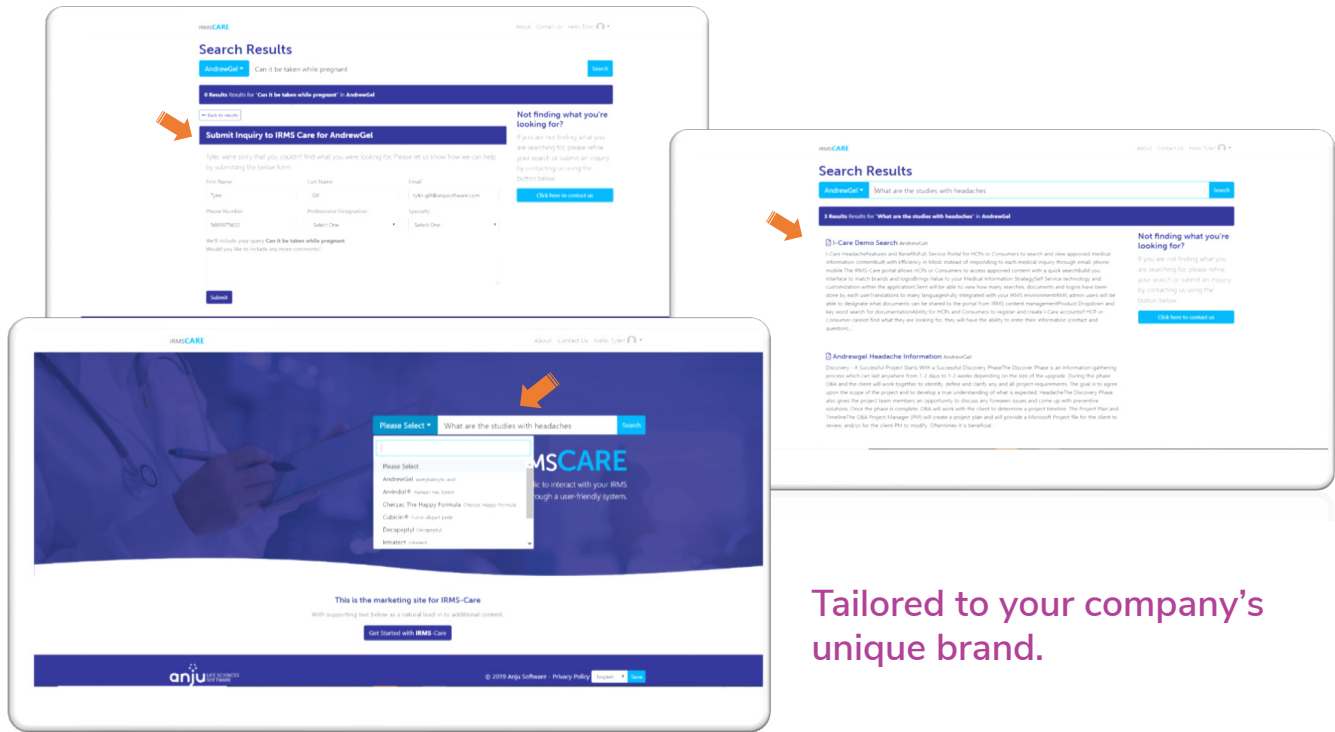

Seamless integration with the IRMS MAX suite allows for full control over which documents are shared to HCPs and consumers through the iCare MAX portal, which can be tailored to match your own, unique brand. iCare's self-registration feature, a quick and easy implementation, and a host of configuration options make iCare MAX the premiere solution for content sharing on the market today.

**Deliver greater value and access to
your medical information
with iCare MAX**
