Who We Are

Our industry sits at a tipping point. The unprecedented growth of medical innovation is resulting in a diverse complex set of challenges on the path to market. The product development, market access, and commercialization models of the past are not suitable to allow humanity to realize the benefits of today's extraordinary medical breakthroughs. Innovative therapies need innovative solutions.

Lumaniy was formed to bring together diverse perspectives and unique clinical, scientific, and functional expertise to uncover innovative, yet pragmatic approaches to address these challenges.

We partner with 24 of the top 25 global pharma companies

We are 1200+ scientists, communicators, researchers, strategists, storytellers, and problem-solvers with work conducted in over 50 countries

We support 100+ small, start-ups, and emerging biotechs

We have 150+ credentialed scientists; PhDs, PharmDs, and MDs providing a depth of understanding into cutting-edge science
