Welcome Letter

Dear Esteemed Colleagues & Guests,

On behalf of the organizing committee, it is with great pleasure that we extend a warm welcome to attendees of the **2nd Annual Japan Medical Affairs Summit** in Tokyo. This exciting event, co-organized by **JAPhMed, PhRMA and MAPS**, will focus on the major impact digital is having across Medical Affairs disciplines with this year's theme, **"Digital Innovations in Medical Affairs: Transforming Patient Outcomes."**

We are thrilled to host this prestigious event, bringing together industry leaders, medical professionals, and experts from around the globe who will share their expertise and perspectives on a wide range of topics, including Digital Transformation and the Role of Medical Affairs, Patient Centricity & Continuing Medical Education, How to Establish the MSL in Japan, Career Development and more. We have designed the program to feature informal and formal presentations, panels and a workshop to encourage open-dialogue, networking and knowledge-sharing.

We are confident that you will find this conference to be an invaluable opportunity to learn about the latest trends, insights, and best practices in Medical Affairs for you to help shape the future of healthcare in Japan.

We look forward to welcoming you in Tokyo!

Best regards,

Yasuyuki Katayama

Co-Organized By

PhRMA

Since the opening in 1987, PhRMA's Japan office has actively developed various activities on behalf of its member companies in Japan. We promote activities focused on direct dialogue with all concerned parties such as government officials, doctors and other medical staff, media parties and patient organizations. PhRMA cooperates with the Japan Pharmaceutical Federation, the Japan Pharmaceutical Industry Association and the European Pharmaceutical Federation to develop activities.

JAPhMed

JAPhMed has more than 50 years of history in developing "pharmaceutical medicine" in Japan which is defined as a medical specialty concerned with the discovery, development, evaluation, licensing and monitoring of medicines and the medical aspects of their marketing. Based on our mission: "To promote Pharmaceutical Medicine by enhancing the knowledge, expertise and skills of pharmaceutical professionals and physicians, thus leading to the availability and appropriate use of medicines for the benefit of patients and the society." JAPhMed operates as the Japanese affiliate of the International Federation of Associations of Pharmaceutical Physicians & Pharmaceutical Medicine (IFAPP).

MAPS

The Medical Affairs Professional Society (MAPS) is the premier non-profit global Medical Affairs organization FOR Medical Affairs professionals BY Medical Affairs professionals across all different levels of experience/specialty. Together with over 10,500 Medical Affairs members from 300+ companies globally, MAPS is transforming the Medical Affairs profession to increase its value to patients, HCPs, industry and society. MAPS transforms Medical Affairs organizations and Medical Affairs professionals globally by: speaking as the single voice of the Medical Affairs profession; defining the current and future practice of Medical Affairs; being the global community for Medical Affairs professionals; and leveraging collective thought leadership to train the next generation of Medical Affairs leaders.
