

Transforming Medical Affairs With Science, Strategy & Storytelling

JPA Health is more than just an agency—we're problem-solvers, strategists, and partners in driving meaningful change. As an award-winning, independent, full-service agency, we provide flexible solutions in medical communications, public relations, commercial marketing, and patient advocacy across life sciences, health tech, public health, and government.

Years of proven success

150⁺

Professional services experts

200⁺

Industry awards for exceptional results

As medical affairs teams take on increasingly strategic roles, JPA Health is uniquely positioned to help navigate the rapidly evolving healthcare landscape, ensuring engagement across HCPs, payers, policymakers, and patients. With AI-powered insights, we deliver next-level engagement strategies that anticipate trends, align cross-functional teams, and maximize impact.

Medical Communications

Insights Management

Medical Affairs Consulting

Learning Solutions & Skills Training

Beyond strategic communications, we empower home-office and field-based medical teams with cutting-edge tools, training, and frameworks to enhance collaboration, embrace emerging technologies, and drive scientific exchange with confidence.

From bench to clinic, to HCP, to patient, JPA Health brings 24 years of proven success in helping US and global medical affairs teams achieve their business objectives—delivering innovative solutions with the agility, passion, and the Connect'ability that defines our culture.

Connectability
We bring it together

It's Not What We Do, It's How We Do It

Our superpower is bringing people, ideas, and impact together, to make a real difference and shape the future of healthcare.
